

POWDER

FOR *texture*

molecularrecipe

COCONUT SNOW.

14 oz COCONUT MILK
60 g MALTODEXTRIN
40 g WARM COCONUT OIL*

OPTIONAL:
2 DROPS OIL BASED COCONUT
FLAVOUR

* Substitute with hazelnut oil,
walnut oil, olive oil, truffle oil
or melted chocolate.

EQUIPMENT:
STAINLESS STEEL BOWL
GLOVES
ZIP-LOCK BAG

1. Place maltodextrin in a stainless steel bowl and slowly drizzle the oil into the powder whilst working the liquid fat with a gloved hand until it becomes a sandy texture.

Note: To obtain a firmer texture, place the coconut snow into a zip-lock bag and into the freezer.
